

1 YEAR ANNIVERSARY OF CLOSING OUR SCHOOLS!

REOPEN OUR SCHOOLS 100%! FULL TIME!

REOPEN SCHOOLS RALLY

Who: All those who believe that our kids need to be back in school full time! Neighboring States have been open all year. Private schools have been open all year. And the YMCA and the BOYS & GIRLS CLUB have been running childcare programs FULL TIME, 5 DAYS a WEEK, 10 HOURS per DAY, UP TO 30 to a CLASSROOM the entire time! IF they "Followed the Science," they would reopen our schools **FULLY AND COMPLETELY!**

What: A **Rally**, peacefully protesting the continuing of unscientific restrictions and hybrid programs that are hurting our children!

Where: **Legislative Hall** (outside)

411 Legislative Avenue, Dover, Delaware

When: **Monday, March 15th at 5:30pm**

Why: We pay taxes for a "free" education and our children are not getting it! Our children are suffering from depression, anxiety, obesity, neglect, addictions, abuse that is either directly related to this near yearlong shutdown or made worse by it. And we are losing our children to suicide! The Delaware State Government is NOT "Following the Science" and NOT protecting our children!

Please share, Please invite, Please be there!
